Double Event:

PART 1 – Vital Data in Non-Vital Records

PART 2 – Census and Notary Records in the Russian and Austro-Hungarian Partitions

Date and Time

Sunday, February 18, 2024 2:00 PM CST

PART 1 – VITAL DATA IN NON-VITAL RECORDS

Presenter: Dorena Wasik

Overview: Birth, marriage and death records are the backbone of genealogical research, so why do we care about non-vital records? Non-vital records are a treasure trove of details providing snapshots of the lives of your ancestors. They can also lead to unknown branches of your family tree. Dorena Wasik will illustrate non-vital sources helpful in filling blanks and expanding on the foundation of vital records.

PART 2 – CENSUS AND NOTARY RECORDS IN THE RUSSIAN AND AUSTRO-HUNGARIAN PARTITIONS

Presenter: Aleksandra Kacprzak

Overview: Aleksandra Kacprzak will introduce you to the data available in Polish census records and the various types of records created by notaries. Finding a will, pre-nuptial agreement, land purchase, business agreement or other legal document adds personality to an ancestor.
